Humanity First Serving Mankind

Our Children - Our future

Our future is what we do today. What we do for our children today will shape the future of society tomorrow.

Humanity First believes that education is a right, not a privilege. Similarly, healthy living is a right of every child. Humanity First offers to assist in the fields of education and health of children by fighting against poverty.

Under "Our Children-Our Future" program, Humanity First offers two sponsorship programs: 

Sponsor a Deserving Child

Humanity First offers individual assistance to children facing difficult economic circumstances or lacking adequate resources for a comprehensive educational experience.

We will provide:

-  food
-  clothing
-  books
-  extra tutoring service or
-  any resource materials

to any deserving child.

Humanity First will also fund their participation in a paid program where the only reason for non-participation is financial constraint and the funding is not available from any other source.

Sponsor a Deserving School

Under this program Humanity First will provide:

-  equipment
-  resource material
-  sponsorship for a program
-  any other support

to deserving schools that do not possess sufficient funds to promote enriched learning opportunities for our children.

The schools performing below average and students, having special needs and/or associated with Special Education Programs, will be assisted on priority basis.
