Feed a Family	\$100 per month
Orphan Care	\$35 per month
Shelter Bus	\$50 per month

Global Telethon 2020

25 years in the service of Mankind

September 19, 2020 from 2pm – 7pm Eastern Standard Time.

Dear Donors and Supporters of Humanity First:

In 2020, Humanity First is celebrating 25 years in the service of mankind. As part of the celebrations, a **Global Fundraising Telethon** will be held and broadcast live on Saturday, September 19, 2020. The Canadian segment will start at 2pm EST.

This LIVE Global Telethon is intended to not only create awareness of the good work Humanity First is doing around the globe for the last 25 years, but more importantly to fundraise for upcoming and ongoing humanitarian projects.

The Global Telethon will be broadcasted LIVE globally on the internet from Pakistan, Germany, United Kingdom, USA, Indonesia, Africa, Canada, and other countries.

While we will be fundraising for our Water Well, School, IT Center, Sewing Center, Shelter Bus and Gift of Sight Projects, the primary focus of this year's fundraising will be on upcoming Ivory Coast Hospital.

I request you to mark your calendars and be available to watch and call in to this live telethon. Your participation will mean a lot to us and much more to those who are in need of humanitarian assistance.

Once again, thank you for your support and generous donations that enables us to make a difference in lives of the many.

Let us forget our own unhappiness for now and give a little happiness to others. When we do good to others, in reality, we are best to ourselves. Remember whatever we do for ourselves will be gone, but whatever you do for others will become your legacy.

Please feel free to contact me with any questions or suggestions.
With regards,

Dr. Aslam Daud
Chairman, Humanity First Canada

Hospital Project in Ivory Coast

Current Status:

Ivory Coast (Cote D'Ivoire) is a fast developing nation in West Africa. With a population of 23.74 million, the key demographics are as follows:

- Access to safe drinking water: 80%
- Access to proper sanitation: 23%
- Literacy Rate: 44%
- Life Expectancy: 54 years
- Maternal Mortality (per 100,000 live births): 614
- Under-5 Mortality (per 1,000 live births): 89

Per 100,000 people, the clinical capacity is 9 doctors, 31 nurses and 15 midwives. Whilst it is better in urban areas, there is a shortage in rural areas. In many aspects, health outcomes have improved, for example in the last decade, infant mortality has reduced from 9% to 6.4% and the percentage of births classed as low-weight is falling. Births attended by skilled health staff have increased from 45% to 73.6%. Life expectancy has risen to 54 years.

In this context, the new hospital in Yopougon plans to act as a teaching hospital to increase clinical capacity in the country. Visiting specialists from Europe and North America will provide practical training for local clinicians. The hospital will offer lower cost care but good quality care for the low income communities subsidised by specialist services.

Objective of Hospital Project:

To provide affordable and high-quality care to people on lower incomes based on values built around respect for patients and a constant focus on clinical quality.

The Plan:

Under our Global Health Program, Humanity First will build a hospital in the Ivory Coast.

The hospital will gradually offer a range of services in a phased manner, but early priorities include maternity, orthopaedics and paediatric services supported by a range of facilities including diagnostics, surgical theatre and pharmacy. The focus will be on quality and affordable care as the hospital grows. Further information can be found at www.humanityfirst.ca

Hospital Sponsorship

Co-Branding Sponsorship Opportunities

■ Intensive Care Unit	\$320,000
■ Operating Theatres	\$160,000
■ X-Ray	\$80,000

The Promised Messiah^(as) said:

"Allah the Almighty repeatedly commands that, irrespective of religion or ethnicity, you should show love and compassion to all people. Allah commands us to feed the hungry, free those shackled in bondage, pay off the arrears of those mired in debt, shoulder the burdens of others and fulfil the rights of sincere love owed to mankind"
